BROADEN SCOPE OF MEDIATION PLAN TO INCLUDE NOT ONLY CRISIS BETWEEN UNITED STATES AND MEXICO, BUT ALSO THE CONFLICT BETWEEN ELEMENTS OF NORTHERN AND SOUTHERN MEXICO; CARRANZA, HUERTA AND U. S. WILLING

CHIEF OF CONSTITUTIONALIST'S FORCES FORMALLY ACCEPTS PRINCIPLE OF MEDIATION

Mediators Ask United States and Huerta to Agree to Armistice—Proposal for Armistice Between Huerta and Carranza Will Be Made—If Accepted All Warring Elements Throughout Mexico as Well as American Forces Will Maintain Attitude of Military Inactivity.

WASHINGTON, April 29.—The scope of mediation plans for the settlement of the Mexican crisis was suddenly broadened tonight so as to include the entire range of Mexican affairs—not alone the critical issue between the United States and the Huerta regime, but also the conflict between the elements of northern and southern Mexico which have rent the republic for many months.

This signal enlargement of the mediation programme followed the receipt late in the day, of a formal acceptance by General Carranza, chief of the constitutionalists' forces of the principle of mediation, as proposed by the Ambassador from Brazil and the ministers from Argentina and Chile.

Already the United States and General Huerta had formally accepted the good offices of these South American envoys and now as a further step General Carranza has been brought into the deliberations, so as to draw every element and faction within the range of any settlement which may be attained.

Earlier in the day the mediators made another decisive move in asking the United States and General Huerta to agree to an armistice by which all aggressive military movements would be suspended pending the outcome of the negotiations. The mediators confidently expect both sides to accept the armistice proposal.

Would Suspend All Activity.

A separate proposal for an armistice as between Huerta and Carranza will also be made and with its acceptance all of the warring elements throughout Mexico as well as the American forces, would maintain an attitude of military inactivity. The American government, in its formal reply to the armistice proposal, will expressly stipulate that any untoward act toward Americans will be regarded as an infraction of the armistice.

The South American envoys were in session throughout the day at the Argentine legation. They suspended their night session, however, desiring a respite from their almost continuous meetings during the last three days and nights. Up to the time of their adjournment they had progressed steadily on their plans and forsaw a definite statement within the next few days of their contemplated action.

During the evening the envoys individually conferred with their colleagues in the diplomatic corps from Central and South America to lay before them what had been done and discuss the general situation. This emphasized what the mediators have been seeking—a purely American settlement of a crisis which affects the political integrity of all Spanish America.

The patriotic unity of all Mexico and all Spanish-America was expected to give a signal evidence to the world at large and particularly to Europe of what the American republics could do for the tranquilty of the western hemisphere at a time of supreme crisis.

Word of General Carranza's acceptance of the tender of good offices looking toward mediation came late in the day in a telegram directly to the three South American envoys who informed Secretary Bryan the announcement being formally made at the state department.

It has been generally supposed that intermediaries would confine their efforts to a settlement of the differences arising between the United States and the Huerta government as a result of the arrest of American marines at Tampico and the seizure of Vera Cruz. But it developed that while they were prepared to concentrate their attention on averting hostilities between General Huerta and the United States the envoys were quietly endeavoring to include in the scope of their mediation the constitutionalists, so that all elements might be brought into harmony for a pacific settlement. In this connection it was recalled that American governments reply to tender of good offices made this significant statement:

"This government hopes most earnestly that you may find those who speak for the several elements of the Mexican people willing and ready to discuss terms of satisfactory and therefore permanent settlement."

President Wilson and Secretary Bryan were pleased at the entry of General Carranza and the constitutionalists in the peace plans, their hopes of a broad and satisfactory adjustment of the present crisis being raised to a degree of confidence which they have not hitherto felt.

The American government tonight had not yet made formal report to the first proposal of the intermediaries for an armistice but it is understood one will be made in the next twenty four hours. If the United States has no objection to the request for an armistice, while the term usually implies a suspension of hostilities during a state of war—which the United States does not recognize as existing—there has been a decision by the Washington administration to permit no acts of aggression by the army or navy at Vera Cruz while the mediation was being carried on. In formulating an agreement to suspend hostilities the American government, however, will stipulate that Americans in interior points of Mexico are to be afforded every protection.

When asked about the armistice Secretary Bryan's only comment was "I assume there will be no hostilities during the process of mediation."

He was questioned as to whether Carranza had already agreed to an armistice and he smilingly answered:

"General Carranza hasn't accepted mediation as yet."

At this time Carranza's answer had not been received and from the secretary's remark it was inferred that upon their acceptance of the mediation principle the proposal for an armistice would be extended to the constitutionalist forces.

Confers Only With Brazilian.

Secretary Bryan conferred only with the Brazilian ambassador during the day and from him received the formal proposal for the armistice. The report that Europe was asked by the envoys from Argentine, Brazil and Chile to use their influence with the United States to secure the withdrawal of the question of eliminating Huerta from the proposals of the American government was met with the comment at the state department that the United States had not yet submitted any terms on the main points involved. Thus far all the proposals have come from the intermediaries and no conditions involving the big points in the situation have come from any of the contending parties.

It is suggested in some quarters that the question of eliminating Huerta need not be raised by the United States in any of its proposals regarding it as a question between the Huerta and Carranza elements.

Developments in the diplomatic field of the Mexican situation were the most absorbing, though the army and navy continued their work in caring for refugees and restoring order at Vera Cruz. No movements of any kind were announced, but both the army and navy exerted the utmost efforts to accommodate refugees.

CARRANZA ACCEPTS PRINCIPLE.

Chihuahua, April 29.—General Carranza, as chief of the revolution, today accepted in principle the tender of the good offices of Argentina, Brazil and Chile in the settlement of the Mexican problem. The text of the note from the diplomatic representatives at Washington to General Carranza, dated yesterday, follows.

Note of A. B. C. Diplomats.

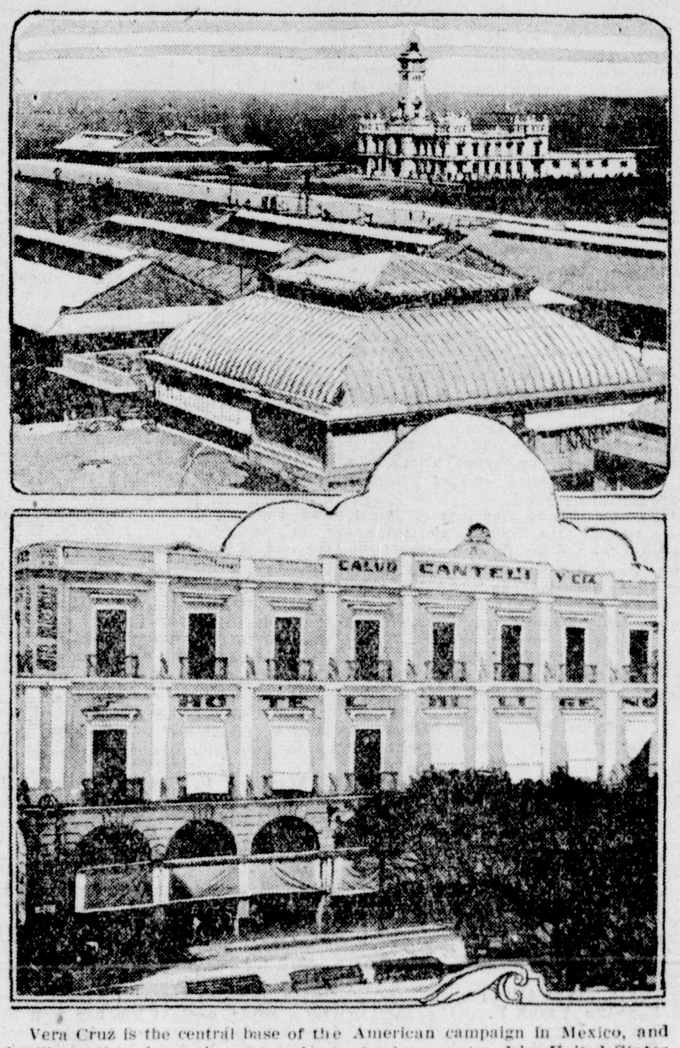

"We, the diplomatic representatives of Brazil, Argentine and Chile, empowered by our respective governments to extend an offer of our good offices to all parties at interest in the problem of the pacification of Mexico and the adjustment of the differences between Mexico and the United States, herewith invite your attention to the facts in your capacity as supreme chief of the revolution and we feel assured that you will accept the proposition in principle."

General Carranza's Reply.

"I thank you sincerely for the offer which you have so kindly made me in behalf of your respective governments in an attempt to solve, in a peaceful and friendly way, the differences between Mexico and the United States. Therefore, by authority of my position as first chief of the revolution I accept in principle the good offices of Brazil, Argentine and Chile through their distinguished representatives.

"Reserving to myself the right to enter into details of the negotiations it affords me the greatest satisfaction to assure you of my most distinguished consideration."

PRISONERS REMOVED FROM MEXICAN PRISON

REAR-ADMIRAL FLETCHER ISSUES ORDER AFTER INSPECTING FORTRESS

Inspection by American Authorities Reveals Terrible Conditions.—Ancient Devices of Torture Are Discovered and Show Evidences of Recent Use.—Many Prisoners Are Taken to Hospitals.

VERA CRUZ, April 29.—Rear-Admiral Fletcher decided to remove all prisoners from the fortress of San Juan de Ulua after an inspection of the place had been made by Commander H. C. Stickney, inspector of the port and the customs and by officers especially detailed for that work. The inspection by the American authorities verified the tales that had been written and told for generations of the terrible conditions prevailing there. Many dungeons were below the water line when the tide was running in, at which time the inmates, many of whom were half blind on account of their long incarceration in semi-darkness, were drenched. Other dungeons were so constructed that it was impossible for the victims to lie down. Ancient devices of torture were discovered and there was evidence that these recently had been in use.

Among those held in confinement were men once of prominence but whose names now have almost been forgotten, men who had been there so long that their minds were blank and men so enfeebled by the treatment they had received as to insure their transfer to hospitals instead of to prisons.

Each succeeding administration perpetuated the use of the ancient fortress as a prison—a use to which it was put by the Spaniards. The late Francisco I. Madera inspected the prison just prior to his taking charge of the government at Mexico City. He was horrified by what he saw and declared his first official act would be the removal of the prisoners and the conversion of the fortress into an arsenal. He did go so far as partially to prepare military prisons at a point a short distance from Vera Cruz, to which he talked of removing the prisoners, but his promise to clean out the prison was one of his promises which he found impossible to keep.

Commander Stickney today was ordered to take over the prison with its shops and everything else pertaining to it. Such ship work as required by the Mexican navy had been done there. The handling of, and providing for the poor of Vera Cruz also was taken in hand today. The poor were beginning to suffer for want of food when the American naval forces undertook the task of providing for them. Not desirous, however, of pauperizing them, work of a public character has been provided for the majority of the needy.

VERA CRUZ WILL BE GIVEN TO AMERICAN ARMY BY NAVY TODAY

Formal Ceremony Will Mark Transfer of Authority in Mexican Port at Two This Afternoon.

Vera Cruz, April 29.—The government of Vera Cruz is to be handed over by the United States navy to Brig. Gen. Frederick Funston of the American army with formal ceremony at two o'clock tomorrow afternoon. Rear-Admiral Frank F. Fletcher, who hitherto has been in charge of all operations on shore, and Brig. Gen. Funston, together with their staffs, will be present at the function.

While the leading representatives of the navy and the army exchange courtesies the bluejackets and marines attached strictly to the fleet will be drawn up along the shore with their naval field pieces and machine guns which are to be returned later on to the war vessels.

In preparation for the event the army quartermasters' department today was occupied in establishing depots for the soldiers and their stores.

Robert J. Kerr, the American civil governor of Vera Cruz, intends to keep the government of the city in the hands of Mexican officials as much as possible and the old system of taxation will be kept in operation for the present.

Several American importers are reported today to have sought tariff rebates on American goods but without success. It is said to have been pointed out to them that any such favor would call forth violent protests from other foreign importers against the discrimination. No cases of smallpox have been recorded since the landing of the American marines and bluejackets. There have been two slight cases of heat exhaustion however. The mail was to leave Vera Cruz for the United States on board the torpedo boat destroyer Flusser this evening.

MAIL BEING FORWARDED.

Washington, April 29.—The navy department was advised that 300 bags of mail for Mexico City, which were temporarily delayed at Vera Cruz, owing to the imperfect rail communication between the two points are going forward to their destinations. Arrangements have been completed whereby they will be received by a Mexican federal officer at the break in the railroad outside of Vera Cruz.

Senate.

Met at noon.

Took up agricultural appropriation bill but laid it aside to consider federal grain inspection bill.

Adjourned at 4:46 p. m. until noon Thursday.

WASHINGTON, April 29.—Administration leaders today won the second round of the fight to repeal the free tolls provision of the Panama canal act, when the senate canals committee, by a vote of eight to six ordered the house bill to carry the repeal reported to the senate. Coupled to the bill will be an amendment proposed by Senator Simmons and approved by the committee which reads as follows:

"Provided that neither the passage or this act nor anything therein contained, shall be construed or held as waiving, impairing or affecting any treaty or other right possessed by the United States."

This amendment has been seen by President Wilson and is said to have his approval. Administration leaders are confident tonight that with it attached the repeal bill will be passed by the senate and some senators opposed to repeal agreed with this view.

All efforts made in the committee today to report the house bill adversely were defeated, as were efforts to attach other amendments, or to report a substitute for the bill itself. The report of the committee will be made without recommendation and the scene of the fight for and against repeal will be shifted to the floor.

Chairman O'Gorman for the committee expected tonight to report the bill with the amendment tomorrow and in accordance with the committee's direction will ask that it be placed on the senate calendar. Senator Simmons credited with leadership of the forces aligned with President Wilson for repeal will ask that the bill be made the unfinished business of the senate and if this suggestion is agreed to the battle will begin at once.

Senator Simmons said tonight he believed the great interest in the subject throughout the country warranted an effort on the part of the senate to dispose of it as quickly as possible.

Administration leaders hope to conduct this fight along the lines followed in putting through the tariff and currency bills. If this is adhered to the attention of the senate will be directed as closely as possible to the tolls matter and after a debate of a few weeks a vote will be reached.

Final Draft Approved.

The final draft of a drastic bill for the regulation of inter-state corporations was approved today by a sub-committee of the senate inter-state commerce committee. It will be laid before the full committee Friday and may be reported to the senate next week.

Members of the committee said tonight that the bill is radically different from that being framed in the house. Although it is not known whether it has the approval of President Wilson it was pointed that prominent Democrats on the committee have had frequent consultations at the white house on the subjection of trust legislation.

TERROR STILL REIGNS IN SOUTHERN COLORADO; TROOPS MAY BRING PEACE

UNBURIED BODIES AND BLACKENED RUINS OF MINES DOT HILLS OF LAS ANIMAS AND HUERFANO COUNTIES

Seven Company Employes and an Unknown Number of Strikers Die In Battle at Forbes—Truce Agreement Stops Fighting at Walsenburg, 650 Strikers are to Surrender Arms to Militia—United Mine Workers May Call General Strike Unless President Wilson Acts Immediately.

Summary of Colorado Strike.

SEVEN MEN KILLED in battle between mine guards and strikers at the Forbes camp of the Rocky Mountain Fuel company. Most of mine buildings were burned. Nine defenders missing, but are believed to have escaped. Three strikers are reported to have been killed in this outbreak.

FIRST FEDERAL TROOPS from Fort D. A. Russel arrived in strike zone. More troops due from Fort Leavenworth before day break. Governor Ammons announced militia will be kept in all districts not amply protected by federal troops.

JOHN R. LAWSON of the United Mine Workers sent messages into the hills urging the strikers to cease hostilities and tot be particularly careful not to fire on United States troops.

MAJOR P. P. LESTER of the hospital corps shot and killed during battle at the Walsen mine while wearing Red Cross emblem on his sleeve and aiding wounded man.

PRESIDENT WILSON asked president of the Kentucky mine operator's association and the Alabama mine operators' organization to go to Washington for a conference with a view to mediation.

THE CORONER'S JURY visited the scene of the Ludlow tragedy after hearing evidence that the mine guards fired on a flag of truce carried by a representatitve of the strikers.

TRINIDAD, Colo., April 29.—Not since the days of Indian warfare has terror reigned in the southern Colorado coal fields as it did tonight.

With unburied bodies and blackened ruins of mines dotting the hills and canons of Las Animas and Huerfano counties, thousands of non-combatants were awake waiting breathlessly for news of the next outbreak of the war of mine guards and militia with an army of coal miners.

The events of the day added immeasurably to the horror of the situation. Early in the morning the battle at Forbes, a scant twelve miles from Trinidad, stretched seven company employes and an unknown number of strickers dead in the canon. In Huerfano county firing at the mines continued throughout most of the day. The only fatality certainly known was the killing of Major P. P. Lester of the hospital corps.

With the promise of federal troops in the district before day break, residents of the southern counties hoped for an early restoration of peace in the strike zone.

After the Ludlow tent colony had been almost entirely destroyed by fire on Monday, militiamen visited the scene early Tuesday morning, soaked the remaining tents with kerosene and set them on fire. These accusations were contained in the testimony offered before the coroner's jury today by Dr. A. Harvey of Aguilar, a doctor for the United Mine Workers of America. His evidence threw no light on the original cause of the fire that destroyed the tent colony on Monday night.

Seven Die at Forbes Camp.

Forbes, Colo., April 29.—Seven men lie dead in the Forbes camp of the Rocky Mountain Fuel company Most of the mine buildings are in ashes. Nine defenders are missing but are believed to have reached the Majestic mine, three strikers are thought to have been killed in the latest outbreak in the Colorado labor war.

Strikers estimated at 300 attacked the property early this morning. The fight lasted several hours after which the strikers disappeared in the hills. Two bodies were burned in the ruins of the mine buildings. Twenty eight mules burned when the strikers set fire to the mine stables. Several horses were shot or burned.

The burned buildings include the mine office with the United States postoffice, the tipple, engine house, boarding house, barn and several homes of miners.

The Forbes camp extends through a narrow canon for a distance of more than a mile. The tipple, engine house and office stood at the down-canon end, while the mine proper was at the further end. The attack came without warning. In an instant bullets poured into the camp from the east, south and west. The defenders returned the fire vigorously sweeping the hills with the machine gun until its mechanism jammed and it became useless.

Strikers swarmed down from the hills in the face of the rifles of the guards. Dashing into the mine buildings they applied torches and oil. When the fired buildings had almost been reduced to ruins the strikers slackened their firing and vanished into the hills in the direction of Trinidad.

May Call General Strike.

Pittsburg, Kansas, April 29.—Unless President Wilson takes immediate steps to investigate the strike situation in the Trinidad, Colo. strike district, the district convention of the United Mine Workers in session here will ask that a general strike of mine workers throughout the country be called.

This statement was contained in resolutions adopted by the convention today with instructions that they be telegraphed to Washington. The resolutions also state the convention would, in the event or the president's refusal, ask John P. White, as president of the United Mine Workers of America to use his influence to thave a general srtike of all bodies affiliated with the American Federation of Labor called.

Strikers May Surrender Arms.

Denver, Colo., April 29.—Under a truce agreement which stopped the fightiag at Walsenburg this afternoon approximately 650 strikers tonight were to surrender their arms to militia officers appointed by Col. Verdeckberg. The strikers were not taken into custody but will be subject to prosecution in the court for the killing of Major P. P. Lester of the Hospital Corps.

At 9 o'clock leaders were in conference with Colonel Veredeckberg at the Walsenburg court arranging details according to advices received at the adjutant general's office. The announcement of the truct tonight by General Chase, furnished an explanation of the withdrawal of the militia from the battlefield north and west of Walsenburg this afternoon, when apparently they had the strikers hard pressed. From another authentic source it was learned that John McGregor, in command of the strikers, had made it known that he was hard pressed but that his men efused to tretire fom the field even though their losses were considerable. A suggestion that firing cease for one hour to give opportunity for negotiations looking for a truce and possible surrender of their arms was communicated to Col. Verdeckberg.

The suggested terms of surrender were transmitted to General Chase and sanction for their acceptance given by Governor Ammons. Confirmation of the ararngements was given by General Chase to Colonel Verdeckberg at Walsenburg and to John McGregor.

Although strike leaders declined to give out any information as to their losses it was learned from an authentic source they had suffered severely. At the time negotiations for the truce were created they were fighting back the militia on three sides.

One Dead and Three Wounded.

Walsenburg, Colo., April 29.—One dead and three wounded is the known casualty list in a six hour battle here today in which less than 100 militiamen lattempted to dislodge an estimated force of 400 strikers entrenched in the hills adjacent to the town.

Firing stopped late today when the troops were withdrawn upon orders, local officers state, received by Col. Verdeckburg from Denver. The dead man was Major P. P. Lester, a member of the hospital corps. One of the wounded is Lieut. Scott. A long low range of hills that runs along the north and east side to the town was the scene of today's battle. Fighting started when a detachment under Lieut. Scott left the town limits and started to cross over a low rise of ground.

For two hours the militiamen sought to dislodge the strikers without success. They were returning the fire of the strikers with vigor when a courier from Col. Verdeckburg came up with the militiamen and recalled the troops.

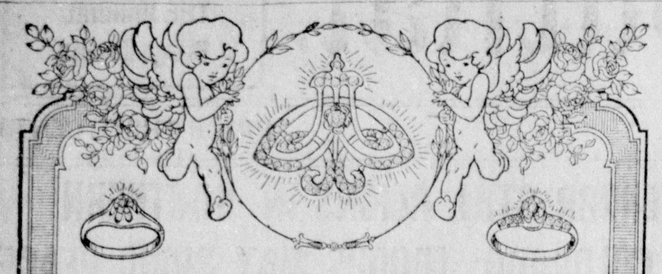

The retreat was made under as many difficulties as the advance and it was nearly five o'clock before the troops reached town.

The strikers are said to be still entrenched along the side of the low hill which forms a natural fortification. Reports that a final effort will be made by the strikers to take the town before he arrival of federal roops are current and the citizens are in a state of terror.

"Mourners" Are Arrested.

New York, April 29.—Upton Sinclair and Miss Elizabeth Freeman, English militant suffragette, who with others were arrested today while doing "mourning" picket duty in front of the offices of John D. Rockefeller, Jr., as a protest against conditions among the Colorado coal mine district, announced tonight that their demonstration would be resumed tomorrow morning and that if they were sent to jail they

KNIGHTS OF KHORASSAN IN BIG CEREMONIAL

LARGE NUMBER OF CANDIDATES GIVEN WORK.

Buffet Lunch Was Served Early in Evening and Program Well Arranged by Committees in Charge —Number Present From Out of City.

Knights of Khorrassan, Ilderim Temple No. 62 held one of the most successful ceremonials in the history of the organization last night, both from standpoint of numbers, enthusiasm, and presentation of work to candidates.

A buffet lunch consisting of a splendid menu was served at 6:30 this was in charge of committee composed of O. H. Cook, J. F. Kellogg, Ben C. Pyatt and Walter Schrag.

McCarty's Arabs gave a fine drill. Those received into the order were: George Spires, L. A. Barnhart, O. H. Buhrman, Lloyd Reynolds, J. H. Butler, H. J. Rodgers, Eugene L. Brown, J. W. Chipchase, Otto Speith, Harry C. Roach, H. H. Hart, Carl West, James T. Cloyd, Bluffs; Harvel Weeks, Pittsfield. Those re-instated were Reuben Foreman, Auburn; A. Weihl and George F. Rodgers of Waverly. The secret work was exemplified by J. H. Shriver of Virginia.

The cast in the ceremony follows:
R. V.—F. E. Baldwin.
Sheik—Gilbert Masters.
Emir—M. E. Gilbert.
Mahedi—R. I. Dunlap.
Satrap—Herbert Capps.
Sahib—L. B. Turner.
Sec.—Jay Rodgers.
Tres.—J. S. Sheppard.
Mokana—E. P. Brockhouse.

The decorations were very appropriate and in charge of the following committee: G. A. Faugust, chairman; Ernest Stout, Walter Ahlquist, Pearl Hughes.

Through the courtesy of the O-Zell company of Chicago, they furnished a liberal quantity of their new fruit beverage "O-Zell", which the members pronounced to be the best they had ever tasted.

It is becoming popular for the members to wear Fezzes and a large number of the caps was delivered last night and several more orders are already in.

Unfortunately a number of the candidates from Beardstown missed their train last night at Virginia, a fact much regretted by the local order.

In the social hour which closed the ceremonial the members enjoyed a program from the Broadway Girls, who are appearing at the Opera House. Al Harris gave an exhibition of dancing and novelty song, Miss Edythe Angell was the song and dance artist and Miss Johnie Lourie, a vocalist of much dramatic ability gave several selections. A special car was held for the members after the ceremonial.

The following were among those present from out of the city, S. L. Von Fossen, John Crater, Lloyd E. Knight, W. J. Deppa, Beardstown; Harry A. Frankel, Peoria; J. H. Shriver, Virden; J. C. ILLINOIS COLLEGE GLEE CLUB CONCERT TONIGHT 8 P. M.—JONES BUILDING. ADMISSION 25c

LADIES AID SOCIETY MEETS AT LYNNVILLE.

M. E. Organization Gathers With Family of Edward Ranson Who Has Three Children Christened.

The Ladies Aid Society of the M. E. church of Lynnville met Wednesday with Mrs. Edward Ranson. Over fifty were present and at the noon hour a sumptuous dinner was served, which was followed by a business session of the socity. The society was glad to welcome back their president, Mrs. George Ranson, who has been away on account of illness in the family. She has been president of the organization for 27 years.

One of the pleasing parts of the day's program was the chistening of the three children of Mr. and Mrs. Edward Ranson, by the pastor of the church, Rev. Ray Bracewell. The children, were Harriett Josephine, Frances Lucille and Bernice Robertson and the ceremony was impressive. The next monthly meeting of the society will be held at Mrs. Richard Adams.

ILLINOIS COLLEGE GLEEES SING TONIGHT

COMPETITION TOO MUCH FOR OLNEY LIVE STOCK SHIPPER

Utilities Commission Receives Communication From Olney Shipper Asking For Aid.

The following communication was recently received by the utilities commission at Springfield.

Highly respected and esteemed, Gentlemen. For several years past I am the only stock shipper at Olney, wich ship live stock as a regular business to different stock yards. I have done so for more than 35 years. Now comes another party wich proposes to do the same in opposition to me. As live stock is now a days not plenty as it has been there is not enough to be had for two firms to make the business profitable for either of them. I need protection from opposition and am advised to ask your commission to protect me in my lawfull and long establishet vocation against such opposition, therefore I hereby ask respectfully that your commission issue an order, forbidden any person to open in Olney a live stock shipping business in opposition to me, for the simple reason that such transaction would be unprofitable to me and would put a hardship upon myself, compelling me to operate my trade profitless or at least without the profits wich I am uset to * * * Should your esteemed commissioners, not grant my above made request, then I must vacate my business at Olney, and open a livery stable at Sumner, Ill., but there is one already there. I ask you whether you will kindly permit me to operate another one there. Very respectfully, etc.

HIS 86TH BIRTHDAY.

Wednesday witnessed the 86th birthday of Columbus Hairgrove, one of the best preserved octogenarians in the city. With the exception of deafness, Mr. Hairgrove has a wondeful use of all his faculties. He served gallantly during the war and came home to peaceful pursuits and by a sober, upright life has won the respect and esteem of a large circle of friends who hope he will be with them to celebrate a geat many more birthdays before going to his final reward.

A Great Stable This

Our stable of stallions is one in which we can justly take a large amount of pride. In offering them to the farmers and stockmen of this and adjoining counties we know that they cannot fail to be pleased with the individual quality of the animals. The speed and draft stallions alike have great records and each one represents the best which breeding can bring.

WILL DISCUSS PUBLIC HEALTH AT HIGH SCHOOL THIS EVENING

Joint Annual Meeting of Anti-Tuberculosis League and Union Parent-Teachers' Association to Be Addressed by Experts on Subject.

The conservation of public health will be the subject of discussion at the high school auditorium this evening when a joint annual meeting will be held by the members of the Union Parent-Teachers' Association and the Morgan County Anti-Tuberculosis league. Addresses will be made by Miss Mary E. Lent of Baltimore, Miss Harriet Fulmer of Chicago and Miss Katherine Olmstead of this city. The program of speaking will be preceded by a brief business session and followed by a social hour. Local health conditions will be considered and questions of interest to every parent and public spirited citizen will be touched upon by the speakers, each of whom is an expert in her respective line of public health work.

In her talk on "Public Health Nursing" Miss Lent will draw from her fifteen years experience as head of the Baltimore Public Health Nursing association and tell what is being done throughout the nation to preserve the welfare of the child. She will touch upon the new phases of the public health question brought out at a national convention of nurses which she attended last week in St. Louis. Miss Lent is a graduate of Johns Hopkins hospital training school for nurses. She holds the position of secretary of the National Organization of Public Health Nursing.

Miss Fulmer will speak on what is being done in Illinois for the prevention of tuberculosis. As field secreary of the State Anti-Tuberculosis league, she has been able to survey the work in the state as a whole and will give the local league the progress of the fight against consumption in other cities. She will speak particularly of the methods for the prevention of tuberculosis. iMss Fulmer spent some time in this locality last summer at the time of her organization campaign in the Twentieth Congressional district.

Miss Katherine Olmstead, visiting nurse, will describe her work of the past few weeks in the schools of the city and outline plans for the amelioration of health conditions in the future. She will mention the subject of epidemics and suggest measures for their prevention.

This meeting at the high school auditorium is free to all and the members of the organizations are desirous that all who can, attend. A special invitation is extended the parents of the city and all who are interested in questions of civic health and public well being.

The high school orchestra will play from 7:30 until 8 o'clock.

ARCADIA FOR ANDRUS.

In the election returns as printed in the Journal yesterday, Norman Jones was credited with 38 votes from Arcadia and Charles Andrus with 8. The figures were reversed through error as Mr. Andrus received 37 votes and Mr. Jones eight. The Republican committeeman of Arcadia evidently reminded the vers of his precinct of the duty of casting ballots.

HOLD BIRTHDAY SOCIAL.

The ladies of the Woman's Relief Corps who have their birthdays in April, entertained at the hospitable home of Mrs. W. M. Fiffe Wednesday afternoon. Although Mrs. Fiffe was not one of the April ladies, on account of illness in the home of one and the fact that the others lived in the country, she kindly opened her doors to the members and worked as one of them. Mrs. Seymour, who was unable to assist the ladies in her birthmonth also acted as one of the hostesses. About thirty-five were present and the afternoon was spent in games which were arranged by Miss Mabel Schofield. Prizes were awarded to Mrs. Carlyle and Mrs. Wharton and refreshments consisting of ice cream and cake, were served. A few members of the G. A. R. were present. The ladies whose birthdays came in April were Mrs. John Day, Mrs. J. G. Fox, and Mrs. E. G. Jordan, Mrs. Jane Wyatt, one of the hostesses, was kept at home by sickness.

THE REAL CLEAN UP SPIRIT.

And clean-up week is over. Eleven or twelve teams were employed for a week or more, each team hauled seven or eight loads a day to the dumping ground and Jacksonville thereby is very much better and more cleanly to look upon. Practically all the rubbish has been hauled to the dumping ground although there still remain a few piles in some alleys. Clean-up week was a success and the city is better for having had it.

But without being pessimistic or cynical it does seem that there are a good many people in Jacksonville who did not appreciate the clean-up week spirit. Anybody who happened to be driving about the city last week could not fail to notice the piles of rubbish placed along some of the principal streets, placed there by property owners to be hauled away at the expense of the city or by payment from the fund made up by popular subscription. Now the real clean-up spirit should be, it seems, for every householder to clean up his premises at his own expense so far as possible and for those not able to pay haulage charges the subscription fund or the city service should be available. There is no particular reason, in other words, why the average property owner should have his cans and other rubbish hauled away at public expense or by private subscription any more than that he should have his yard raked and his garden dug in like manner.

Be it known however, that the average citizen was not particularly to blame for his willingness to have public or city aid in his efforts toward cleanliness for the newspaper announcements and other publicity given the movement were so worded that the public understood there was a wide open invitation for everybody to rake the rubbish from the back yard into the front street and have it piled up nicely ready for the wagon "which would pass that way but once." Neither the people on the committees are especially to blame in the matter but next year why not have another clean up week with each property owner paying his own clean up bill so far as possible.

RED CROSS WILL ASSUME ACTIVE CHARGE OF RELIEF AT VERA CRUZ

Authority Has Been Cabled the Civil Governor, Robert J. Kerr, to Draw on Funds to Extent of $5,000.

Washington, April 29.—Active charge of relief operations at Vera Cruz will be assumed by the American Red Cross. This decision was reached late today as a result of a personal cablegram received by Miss Mabel T. Boardman, chairman of the national relief board of the Red Cross from Rear-Admiral Fletcher. The Red Cross cabled authority to General Funston and later transferred that authority to the newly appointed civil governor, Robert J. Kerr, to draw on Red Cross funds to the extent of $5000 for relief work. Dr. A. R. Goodman, chief surgeon of the National Railway of Mexico, was designated to act as the Red Cross agent until Charles Jenkinson, director of the Atlantic division of the Red Cross, can reach Vera Cruz. Mr. Jenkinson left tonight for Vera Cruz via Galveston and the navy department will expedite his journey to the Mexican port.

Mr. Jenkinson has had much experience in Mexico as a Red Cross agent assisting in the transportation of refugees of the United States and as a special representative of the state department.

STEAMER AND CREW OF TWENTY PERISH IN GALE

Storm on Lake Superior Sinks the Steamer Benjamin Noble and Entire Crew Drown.

Duluth, Minn., April 29.—The steamer Benjamin Noble and her crew of twenty or more men and officers and a large cargo of railroad iron were lost in the storm on Lake Superior last night was made certain today when the life saving crew picked up oars, spars, hatches, lifebelts and other wreckage from the steamer off Minnesota Point, Duluth.

All efforts to locate the hulk of the steamer have proved fruitless.

Details of where and when the vessel foundered probably will never be learned.

DEAN OF NORTHWESTERN PUTS CRIMP IN "REMEO" PERFORMANCE

CHICAGO, April 29.—Dean Mary Ross Potter of Northwestern University put a serious crimp in "Romeo and Juliet" performances when she had the doors leading out to the balconies on the collegion building boarded up yesterday.

It is a rule that co-eds must be in bed at 10 o'clock. There is a penalty for leaving the dormitory after that hour. The university youths got around the rule by spinning up the balconies and the girls would then come out and "spoon."

There is also a rule that there be no running water in the girls' dormitories after 10 o'clock. Dean Potter, it is said, caught a girl who was brushing her teeth at a late hour Monday night and read her a lecture on the seriousness of breaking rules.

ALL HOPE FOR RESCUE OF ENTOMBED MINERS ABANDONED

Rescuers Penetrate to Within Sixty Feet of Bottom of Pit Without Finding Any Sign of Life.

Eccles, W. Va., April 29.—All hope for the 178 miners entombed in Shaft No. 5, of the New Rivers Collieries company, wrecked by an explosion yesterday was abandoned by rescuers tonight after they had penetrated to within sixty feet of the bottom of the pit without finding any sign of life. Hampered by the intense heat and gases the work of clearing away the debris from the month of the shaft proceeded slowly under the direction of government and state officials today. It is expected that the first bodies will be removed by tomorrow noon.

Thousands of persons visited the scene of the tragedy throughout the day. The eight bodies of the men removed yesterday from Mine No. 6 were pepared for burial. The sixty injured are all expected to recover.

MEXICAN GARRISON AT MEXICALI GREATLY STRENGTHENED

Breastworks Have Been Constructed and Three Field Guns Mounted Near American Fort.

Calexico, Cal., April 29.—Three field pieces against the Americans two were mounted by the Mexican garrison at Mexicali last night, about three quarters of a mile from the emplacement of the guns in the fortification of the United States regulars, according to reports received today by the American commanders.

It had been known that the Mexicans had constructed breast-works but the fact that they also had field pieces had not been discoveerd.

Americans familiar with the military situation at Mexicali say the Mexican commander has carried out an extensive program of enlistment in Imperial Valley on the American side of the line. Many Mexican laborers have gone to Mexicali as soldiers, strengthening the garrison there materially.

ARMY WILL SOON BE READY TO ADVANCE ON MEXICO CITY

Rebel Successes About Monterey Induce Feeling That Mexican Capital Will Soon Be in Their Hands.

Chihuahua, Mex., April 29.—Recent rebel successes, notably the capture of Monterey and the further defeats said to have been inflicted on the retreating federals in engagements between Monterey and Saltillo by the rebel forces have induced a wide-spread feeling among the heads of the constitutionalist army that Mexico City soon will be in their hands.

It is asserted by them that the re-establishment of the embargo on arms along the Texas border will not cramp the operations of General Villa's army against Saltillo and other points. There is a feeling of confidence that Villa has sufficient ammunition to conduct operations until Tampico is taken by the rebels giving the rebels a port exemption from the operations of the embargo. There is a deep seated impression here that the fall of Tampico cannot be long delayed.

Hospital arrangements provided for Villa's soldiers are excellent. There are a number of American contract suregons in the service and the work of the physicians has been rendered exceptionally efficient because they have been able to direct their attention to the wounded. Villa's army seems to be extra-ordinarily immune from camp diseases common to many armed forces.

WELL ATTENDED PLAYS AT SCHOOL FOR BLIND

Members of Lyceum of Amateurs Present Two Dramatic Productions.

A crowded house greeted the Lyceum of Amateurs at the Illinois School for the Blind Tuesday evening for their presentation of "Louis XIV and His Minter" from the "Refugees" by A Conan Doyle and "The French Duel" a play adapted from "A Tramp Abroad" by Mark Twain. The training for these plays was in charge of Mrs. Louise B. Inglis, head of the literary department and is deserving of especial mention as the training of the blind for dramatic work presents great difficulties. The Tuesday evening program was full of interest and was, according to many of the auditors, fully equal to the performances of seeing people of similar age. The Lyceum of Amateurs is recruited from the pupils of high school grade at the blind institution.

The program was opened by a selection by the L. O. A. orchestra and a violin solo was played by Ralph Piper during the intermission. Ralph Horton as Louis XIV showed an excellent adaptibility for his part in the play from "The Refugees" as did Edwin Klein as Louvois, the minister of war. In the second play Earl Miller imitated the mannerisms of Mark Twain in excellent style while Howard Collins as Gambetta and John Whiffen as Pompadour made ideal Frenchmen.

RECITAL THIS AFTERNOON.

Miss Helen Harrison of the Woman's college will give her senior recital in violin this afternoon at 4:15 in Music Hall. In the rendition of a sonata by Grieg, she will be assisted by Miss Deane Obermeyer. All are cordially invited.

WAR'S SURGERY.
(S. J. Duncan-Clark in Chicago Post)

Since there remains no other course to take
Than that sharp surgery which men call war,
Then let the edge be keen, steady the hand,

Made in no lust for blood or greed of prize,
So shall we cut as he who hurts to heal,
With sorrowful compassion in our eyes!

BORAH SEES PARTY CRISIS.

Senator W. E. Borah of Idaho has accepted an invitation of Michigan Republican and Progressive leaders to attend a get-to-gether meeting in Detroit, May 26. Representatives of every section of the state, headed by Senators Smith and Townsend and accompanied by Representatives Fordney and Kelly, waited upon Senator Borah in his office and extended the invitation.

Senator Borah, in accepting the invitation to address the Michiganders, said:

"I agree to go to Detroit because I know that within the next sixty days the Republican party in the United States will be either made or unmade."

The Michigan Republicans and Progressives intimated in the course of their remarks that all factions in the Republican party in that state were desirous of getting together, especially in view of the presidential possibilities for 1916.

BELIEVES SUFFRAGE LAW WILL STAND.

Attorney John C. Lawyer of Macomb who was employed by the anti-saloon league to fight the contest begun by the saloons of Bushnell recently gave out an interview stating that he believes after investigation that the supreme court is very likely to hold the suffrage law constitutional. Mr. Lawyer bases his opinion on interviews with attorneys and judges he met in Springfield.

"IT IS JONES."

In the judicial primary contest a lot of political ill feeling developed within the ranks of the Democratic party and if one may judge by the following editorial from Wednesday's Courier the past has not yet been forgotten:

"Judge Jones will hold court in Jacksonville in a couple of weeks or so. We trust he may be able to give the business of Morgan county the attention it has been contended he would. Mr. Jones is an able lawyer and doubtless will prove in every way equal to the duties he will assume on the circuit bench. The majority given Jones in the district was quite handsome when it is taken into consideration that the average citizen pays about the same amount of attention o a judicial election that he does to a school election.

"Here in Jacksonville Mr. Andrus, the Republican candidate showed considerable strength. In the counties to the south, where he had much less acquaintance, he did not "run" nearly as well. The strength of Andrus in this county and especially in Jacksonville was not wholly a testimonial to that attorney's ability and fitness for the position or to his splendid personality. It was quite largely a protest against electioneering methods used by the Jones supporters during the pre-primary period. Of course that is now history, but it cannot and will not be forgotten. The slap was not intended personally for Mr. Jones, but rather for those who were endeavoring to boost him before the primary by lying and deceitful practices which promise to wreck Democracy if they are further pursued.

"Mr. Andrus manifested considerable strength in this city and there is little doubt that he would have had a majority had not the Republican organization "gone fishing" on election day. It was such a fine day for not getting out a vote that the manipulators of he party machinery felt there was little use in making the effort, especially when it was so much more handy and so much more in keeping with harmony and business relations and previous understandings and several other things.

"Here's to Judge Jones. May he prove a just and upright judge."

MR. RAINEY AND THE POWER DAM.

A Washington dispatch says that as soon as war and Panama tolls discussions can be disposed of ,Congressman Henry T. Rainey of the Twentieth Illinois congressional district is hoping to have the rules committee of the House report out his resolution directing the interstate commerce commission to make an investigation as to the Keokuk dam and conditions created by it. The big power producing concern, which supplies electric current for dozens of Illinois cities in Western Illinois, eastern Iowa and eastern Missouri as far south as St. Louis, Mr. Rainey contends, has violated almost every condition laid down in the grant by congress which gave it the right to the valuable powe" site it occupies.

In a recent hearing before the commitee Mr. Rainey showed that the company was interfering with navigation, that it had built a bridge across the forebay in violation of law and without authority from congress, that it was charging excessive and monopolistic prices for power, and he demanded an investigation with a view of revoking its character.

In cities of Western Illinois where the current from the Keokuk dam is used, there is no general complaint as to the quality of service. In many cases the distributing concern has closed up the old local producing plants except for emergency purposes. The old rates in most cases still obtain.

DECREE SIGNED IN MAUVAISTERRE CREEK DRAINAGE PROCEEDINGS

Probabilities Are That No Appeal Will Be Taken By Property Owners—Bids Will Be Received May 9th—Work to Be Paid for in Cash Instead of Bonds.

Judge Brockhouse yesterday in the county court signed the decree in the Mauvaisterre Drainage District confirming the verdict of the jury as returned by them. The probabilities are that no appeal will be taken by any of the property owners. Assessments under the law draw interest from the 26th of March, the date of the decree, but the commissioners, owing to the delay in signing the decree, have decided to allow all property owners paying their assesments before the 5th of May a receipt in full upon payment of the assessment without interest. However all who do not pay by that date will be charged interest from March 26th.

Bide for the proposed ditch have already been advertised for and are to be opened on Saturday, May 9. A number of prospective bidders have already been in town inquiring regarding the work and going over the line of the ditch. The fact that the work will be paid for in cash, rather than bonds, makes the job especially desirable at this time. The commissioners, and the property owners as well, are hopeful that low bids will be received. Much time has been lost already by litigation and after all little if anything gained thereby. It was hoped that a substantial rebate might be returned to the property owners. This is still a possibility but of course not so probable as it would have been had there been no litigation. Still the parties interested have not given up hopes in this direction and the feeling is that if from this time on there is a pull together on the part of everybody that in spite of the expenses to date there still may be enough saved in the future to enable the work to be done for less than the amount of the assessment.

The work proposed will certainly be of great benefit not only to the lands of the districts but to the roads crossing it and to the public at large. True it will cost something but after all it is hard to get something for nothing. After the work is done we venture the prediction that no one would have the old conditions back for far more than the cost. Like the Indian Creek people everybody will be happy.

Edgar E. Crabtree has been elected treasurer of the district and he yesterday filed in bond for almost sixty thousand dollars.

SOUTHERN MICHIGAN LEAGUE OPENS.

Toledo, Ohio, April 29.—With the distinction of having the only ten club circuit in organized baseball this year, the reorganized Southern Michigan league started merrily on its ninth season today. Since the close of last season the league has expanded by adding Toledo and South Bend to the circuit.

The bunking of Toledo among the little fellows is due to the transfer of the local club of the American association to Cleveland. Rather than see Toledo without a baseball club the Southern Michigan league took over the local plant and added South Bend to even out the circuit. The league now has the largest city of any class B organization and the smallest one; Toledo showing 175,000 population and Adrian, the baby of the circuit, a few less than 11,000.

The ten clubs and their respective managers are as follows: Lansing, John Morrissey; Jackson, Mc Myers; Toledo, "Topsy" Hartsel; Adrian, William Crystall; Saginaw, George Holmes; South Bend, Ed Smith, Bay City, Dan Jenkins; Kalamazoo, Charles Wagner; Flint, Jack Burke; and Battle Creek, Dan Collins.

BANKENRS AT HOT SPRINGS.

Hot Springs, Va., April 29.—The members of the executive council of the American Bankers' association are gathering here for their annual spring session. The principal business of the meeting will be to discuss the program and other arrangements for the annual convention of the association, which is to be held in Richmond next fall.

MUD.

By WALT MASON.

The rains of springtime fall apace, recalling Noah's flood, and turn this earth, once pleasant place, into a stretch of mud. The mud is splashing on my clothes, which fills my eyes with tears, and mud is clinging to my nose, and mud is in my ears. My whiskers catch a lot of mud when down the street I creep, and oft I slip, with dismal thud, into a mudhole deep. The good roast beef I eat at noon, and e'en the measly spud, the pie, the doughnut and the prune, the cake—all taste of mud. From boot heels to my diamond stud, the mud upon me shows; my feet from paddling in the mud, have webs between the toes. But people say, "Cheer up old sox! It's splendid for the oats! And it will furnish grass for flocks of cows and geese and goats! This mud is what the farmers need, to make their turnips trive; they whistle as they sow their seed—they're glad that they're alive!" I try to think of things like these, and thus cool off my blood, when I am wading to my knees in fifty kinds of mud, but it is all in vain, by heck! I simply can't enthuse, for mud is streaming down my neck, and fills my socks and shoes.

WILLIAM WIDENHAM WILL WED PROMINENT LOS ANGELES GIRL

Elopement Plans Given Up When Family Protest and Engagement Announcement is Made Instead—Los Angeles Paper Tells Story.

A Los Angeles paper gives the following story of elopement plans which were changed to a more formal matrimonial program.

"Diplomacy and compromise, smoothed out last night the entangled romance of pretty Grace Virginia Whitley, daughter of Mr. and Mrs. H. J. Whitley and William Whiting Widenham, a well known insurance agent. The following notice issued last night at 9 o'clock by Mr. and Mrs. H. J. Whitley is self-explanatory of the amicable adjustment of the plans for elopement:

"'Mr. and Mrs. Hobart Johnston Whitley announce the engagement of their daughter, Miss Grace Virginia, to William Whiting Widenham, an insurance man of this city, having been in business here for seven years. He is the son of Dr. and Mrs. John C. Widenham of Jacksonville, Ill. Mrs. Whitley and daughter will leave tomorrow for an extended trip through the east. They will visit friends and relatives in Philadelphia and at the summer resorts in the White Mountains. No definite date has been set for the wedding, which will occur early in the fall after their return from the eastern trip.'

"The plans for the elopement of Miss Whitley and Mr. Widenham were made Friday night when they returned from a party given by R. E. Lane in Hollywood. They arranged to secure the marriage license shortly before noon and to motor to Glendale. A few friends were told of their plans. One of Miss Whitley's acquaintances wrote the following press notice which was to serve as a surprise upon Mr. and Mrs. Whitley.

"'Whitley-Widenham wedding—Solemnized at high noon Saturday, April 18, at First Christ church, by Rev. W. E. Edmonds. The bride, formerly Miss Grace Virginia Whitley, has been a favorite debutante of the season, and the announcement of her marriage to Mr. William Whiting Widenham will create great interest among the many friends. Mr. Widenham is established and very well known in the insurance business of this city. Mrs. Widenham is the only daughter of Mr. and Mrs. H. J. Whitley of Los Angeles, and the groom is a son of Dr. and Mrs. John Widenham.

"'The large circle of friends wish to extend heartiest congratulations to the happy couple. After a short tour of the coast Mr. and Mrs. Widenham will be at home to their friends in Los Angeles.'

"This notice was mailed early yesterday morning to the press. In the meantime, however, H. J. Whitley started for Arrowhead for the week end. A short time after her father had left Miss Whitley decided to confide in her mother concerning the plans for elopement. After doing this she went to the residence on Hobart street to visit Mrs. Mill. Mrs. Whitley considered that her son should know of the plans and she telephoned post-haste to him.

"Upon the run young Whitley dashed from his office and drove his automobile to the Mill residence.

"H. J. Whitley, enroute to Arrowhead, stopped at Pomona where, his chauffeur telephoned to Los Angeles and learned accidentally of the proposed wedding plans. Mr. Whitley's return to Los Angeles was fast and in unusual time he reached the residence on Hobart street.

"Vigorous protests were made by the father and the son, not because of special objections to Mr. Widenham, but on account of the hasty wedding. Then a compromise was reached, Miss Whitley and Mr. Widenham agreeing to delay their plans long enough for a formal engagement announcement."

About Rheumatism.

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about 99 out of a 100 cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Mrs. H. Miller, Logansport, Ind., writes: "I have used Chamberlain's Liniment for rheumatism and it always gives relief." For sale by all dealers.—Adv.

She is named sole executrix without bond or securities. The will was witnessed by Robert Tilton and Chas. L. Degen.

The last will and testament of Emma J. Dalby of Waverly was filed for probate yesterday with County Clerk Boruff. The will was made February 14, 1914 and was witnessed by Carrie M. Root and John Jones, both of Waverly. Chas. F. Wemple is named sole executor. The majority of the estate is bequeathed to the husband and daughter, Lillian.

LARGE BOND IS FILED.

Bond in the sum of $57,040 was filed Wednesday by Treasurer Edgar E. Crabtree of the Mauvaisterre Drainage and Levee District of Morgan county. The bond is dated April 23, 1914 and signed by Edgar E. Crabtree, Anna F. Crabtree and Felix E.Farrell.

"CHICAGO JOE" TO HANG FOR MURDER.

Bridgeport, Conn., April 29.—"Chicago Joe" Buonomi, who murdered Jennie Cavaglieri in the woods near Stratford, Oct. 22, 1912, will forfeit his life on the gallows in the state prison at Wethersfield tomorrow. Buonomi was twice tried and convicted of the murder. The evidence showed that the Cavaglieri woman had been a character of the underworld in Chicago and that Buonomi had lived off her earnings. When the woman had deserted him he lured her to a lonely spot near Stratford and shot and killed her.

JACKSONVILLE WITNESSES

The Names of Jacksonville Persons Familiar to All.

Who are the witnesses?

They are Jacksonville people—

Residents of Jacksonville who have had kidney backache, kidney ills, bladder ills; who have used Doan's Kidney Pills. These witnesses endorse Doan's.

One Jacksonville resident who speaks is P. J. Meany, blacksmith, 333 North East street, Jacksonville, Ill., says: "When I used Doan's Kidney Pills two or three years ago, they fixed me up in good shape. My kidneys pained me terribly and my back ached, especially when I stooped. The action of my kidneys was irregular. Doan's Kidney Pills not only stopped the pains and aches, but also regulated the kidney action."

SAYS SULPHUR DRIVES ECZEMA FROM THE SKIN

Use Like Cold Cream to Stop Itching and Clear the Skin.

Sulphur, says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur cream and apply it to the irritated parts the same as you would any cold cream.

For many years common bold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destroying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption appears on the skin.—adv.

MAKE INDIA PAPER IN MAINE.

Gardiner Me., April 29.—The first India paper ever made in the United States will soon be turned out by one of the paper mills in this city. Heretofore a single firm in England has had a monopoly of the manufacture of India paper. The paper is made of flax and is very fine in texture, very light and very strong. It runs twice as many sheets to the pound as the ordinary book paper and consequently is in much demand for printing large works.

AL BALDWIN MEETS YOUNG TOGO IN SPRINGFIELD TONIGHT

As was announced in the JOURNAL several days ago Al Baldwin will meet the fast Jap boxer in the capital city tonight.

From the Jap's reputation, made with some of the best scrappers in this country, the local boy will have his hands full from the tap of the gong on round one to the finish.

Al's fight in Des Moines last Friday night when he administered a severe beating to one Jack Gorman of Omaha, was a good finisher to his training for tonight's mill. The local boy, while several pounds under weight is in the best condition for the go with Togo and hopes to come out as much a winner tonight as he was last Friday.

AUTO CUP WINNER WHO WILL DRIVE IN INDIANAPOLIS RACE.

Harry Grant, two time winner of the Vanderbilt cup, has been entered in the next 500 mile race on the Indianapolis motor speedway by William P. Zeigler, the New York millionaire. Grant will team with Jean Chassagne, holder of the world's hour record. This combination, it is thought, will prove one of the most formidable in the contest.

CARDINAL ERRORS AID IN GIVING VICTORY TO REDS

St. Louis Outbats Cincinnati 2 to 1 But Are Unable to Win—Pirates Trounce Cubs.

TAFT TO ADDRESS PSI UPSILON MEN.

Providence, R. I., April 29.—The 81st annual convention of the Psi Upsilon fraternity met here today as the guest of the Brown university chapter. The fraternitty was founded at Union college in 1833, and is now one of the largest Greek letter societies in America. The present convention will continue three days, closing Friday night with a banquet at which former President William H. Taft is to be one of the speakers.

RAISIN DAY IN CALIFORNIA.

San Francisco, April 29.—In pursuance of a custom inaugurated six years ago for the purpose of calling general attention to one of California's most valuable products, Governor Hiram Johnson has designated tomorrow for the annual observance of "Raisin Day." In Fresno and other leading centres of the industry the day will be observed as a public holiday.

SOME OFF-SIDE CHUTES.

The Sox have hit their natural stride rather early this season. Usually it is in July and August when the weakness in offensive and defensive play is at its zenith. In the initial battle with Detroit Tuesday Comiskey's prides adjusted skids and slipped the lead into Eh Yah's keeping, 4-1. Three pitchers—Russell, Cicotte and Faber—were pitted against "Wee Wee" Main, Jennings' International league recurit, and while they had a shade on the human string, the assistance behind them was nil. All four of Detroit's runs were handed over on a platter—a Sox patent right.

* * *

Walter Johnson is experiencing a new sensation this season—he is being bumped as regularly as the other hurlers on the payroll of Clark Griffith's Senators. Boston, New York and Philadelphia have thus early taken his measure. As usual, when a star falls, the press agents are on the works with an alibi. The one in Johnson's case has been erratic play behind him. Of course, the brilliant work of the opposing boxman and his teammates has naught to do with the catastrophe.

* * *

Al Demaree (pronounced Demry) is "going like a sawmill fire" thus far this season. Tuesday he scored an easy win from Johnny Evens' Braves, allowing but 4 measly hits, 2 of which were harvested by the ex-Cub manager.

* * *

Larry McLean, who has been doing the bulk of the backstopping for the Giants, was forced out of the game Tuesday when a finger on his right hand was injured by a foul tip. The erratic Covington "kid" has been playing the best game of his career this season, and his services will be missed in the line-up.

* * *

Douglass, who had a tryout with the Sox two years ago, is making good in his come-back into big league society. He pitched Cincinnati into an easy win over the Cardinals at St. Louis, letting the Huggins crew down with 4 well scattered hits for 1 run. When with the White Sox Douglass and control were foreigners; but in his comeback he has overcome that difficulty and is rounding into a valuable asset for the yeast makers.

* * *

Willie Hoppe, in the final game of the world's professional championship tournament at 14.1 balk line billiards in New York Tuesday night, finished in front of Calvin Demarest 400 to 196. By winning from Demarest, Hoppe became a triple champion. He holds the title to each of the three styles of balk line play. The last game carried with it possession of the silver trophy for the 14.1 game besides 40 per cent of the $3,000 cash prizes and gate receipts.

* * *

Leach Cross, the New York East Side Hebrew dentist, finished second to Freddie Welsh, the British lightweight champion, in a 20-round argument at Los Angeles Tuesday night. The bout was an unsatisfactory one from a ringside point of view, both boxers stalling the entire distance. And this is the gait of nearly every one of the present day ring contests. Get the money as easily as possible with the least resistence and with the minimum of effort.

* * *

The Chifed fences have been moved back so as to make home-runs more difficult. Why not can the lively ball and employ a few real pitchers?

* * *

Chink Mattick, who is out of the Kansas City Blues' line-up owing to an injury, will have a troublesome time reclaiming his berth in centerfield. Roth, the sub, is fielding the positon brilliantly and is stinging the pill regularly and for all distances.

* * *

Jack Fournier has recovered from his injuries. He joined the Sox at Detroit on Tuesday and broke into the game, first as a pinch hitter and then supplanted Bodie in the field. He had one put out. And that was the extent of his offence and defense.

* * *

Two of Joe Tinker's "stars" are in the shop for repairs. Art Wilson the home run guy, is nursing a case of tonsilitis, and Rollie Zeider is knocked out with a case of lumbago.

* * *

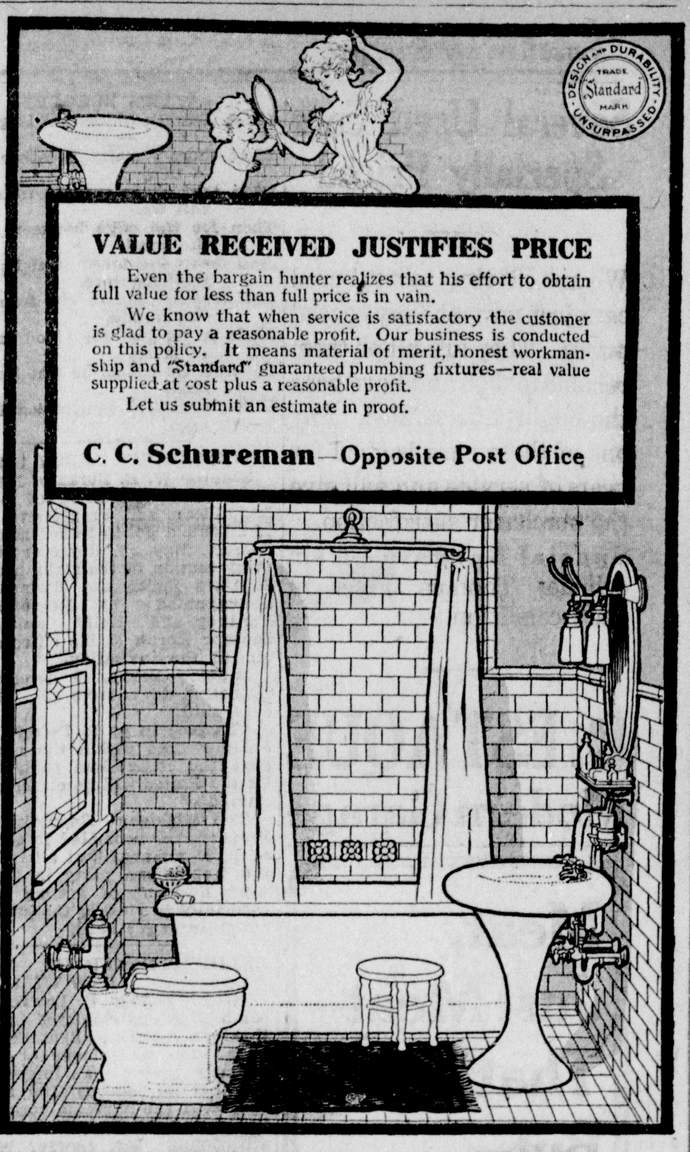

Danny Maher, the famous jockey, is sufficiently recovered from his recent illness to enable him to take a fall out of Dan Cupid. He was married to Miss Dorothy Fraser at St. George's church, Hanover Square, London, Monday. The Earl of Roseberry, whose horses the Hartford, Conn., boy many times piloted under the wire winners, attended the function and presented the bride with diamonds and sapphires.

* * *

Ray Demmitt again broke into the game with the Sox, making 3 of the 7 hits off Main, one for two corners. The Tiger discard is a natural hitter, but on his feet is undoubtedly the slowest man in the American league. He covers the paths as swiftly as "Ise Wagon" Jim. Davis was wont to do 25 years ago. His slowness caused the Sox a loss of at least 2 runs.

COTTON MANUFACTURERS MEET

Boston, April 29.—Many leaders in the textile industry were present today at the opening of the annual meeting of the National Association of Cotton Manufacturers. President Edwin Farnham Greene called the gathering to order and delivered his annual address. The sessions will continue two days and will be devoted almost wholly to the discussion of technical questions pertaining to cotton manufacturing.

WORLD'S MARKET NEWS

STOCK MARKET NO LONGER RULED BY MEXICAN SITUATION

Probability of Delay Before Settlement is Reached in Mexico Diminished Interest in Situation.

New York, April 29.—The advance in stocks was halted today. The market drifted idly through the session, losing quickly a slight early advantage and toward the close the tone became heavy.

The market was no longer dominated by Mexican affairs.

The probability of a considerable delay before a definite settlement is reached diminished immediate interest in the situation, which was less of a factor than anytime since hostilities began.

Rock Island common and preferred sold at low levels. The collateral bonds also made a new mark slumping more than two points to 31¼ on reports that the next interest payment would not be met. Missouri Pacific dropped to 15½. Canadian Pacific was supplied freely by Berlin and Amsterdam, although most of the foreign operations were on the buying side.

Steel was under slight pressure at times but held up well in view of the deficit of more than $6,000,000 reported for the last quarter. The effect of economies introduced by the railroads on account of diminishing earnings has begun to make itself felt as is indicated by the March statements, some of which contrast favorably with the discouraging reports of preceding months. Reading's net was lower but only by about $50,000. Both St. Paul and Union Pacific reported an increase in net, St. Paul's gain amounting to $652,000.

THINK GOVERNMENT REPORT WILL SHOW HIGHER CONDITION

Prediction as to Condition for Winter Crop Swings Wheat Market to Bear Side—Wet Weather Favorable For Oat Crop.

Chicago, April 29.—Predictions that the government report would show a higher condition May 1st for the winter crop than on April 1st, swung the wheat market today completely around to the bear side. There was a nervous close at ½@⅝c to ¾@⅞c net decline.
Corn finished unsettled ⅛c off to ⅛c up, oats down ⅛@⅜c and provisions showing a loss of 7½@10c to 35c.
Prospects of larger receipts of wheat here for delivery on May contracts induced considerable unloading by holders. The arrival of a cargo of 25,000 bushels of No. 1 hard spring from Duluth attracted considerable notice in this connection.
Despite strength due to reports that Argentine storm damage meant losses amounting to more than 40,000,000 bushels the corn market gradually became weak. Cash demand here was slow and the outlook for domestic planting was good. The most active selling was by May longs, a number of whom however, reinstated by purchasing July. Oats all day were under pressure from a leading elevator leaders. Wet weather was regarded as favorable for the new crop.
Provisions suffered from the depression in the markets for grain and hogs. Undoubtedly too prices felt the effect of peace talk.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind. — "My baby was over a year old and I bloated till I was a burden to myself.

I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine.

"I hope other suffering women will try your Compound. I will recommend it to all I know." — Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter wil be opened, read and answered by a woman and held in strict confidence.

Skin Health Comes From the Blood

Even Slight Eruptions Such As Acne Should Be Treated.

Pimples and other skin troubles do not alight on the face like flies. They come bubbling out from within. They are impurities. And if let alone or greased with salves they become chronic, simply because the cause is still at work within. It should be attacked with S. S. S. and the impurities in the blood thus rendered harmless.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S., the best-known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return.

Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 531 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle to-day and banish all skin afflictions.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need to have a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural bouyancy, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio. For sale by all druggists. —Adv.

CHINCH BUGS WILL BE ACTIVE THE COMING SEASON

State Entomologist Forbes Predicts That Morgan County Will Be Included in the Infested Belt.—Methods of Warfare Against Bugs Outlined.

Morgan county is included in the lis wherein the state entomologist says that chinch bugs will be busy this season. The circular names the counties and suggests means for offsetting the work of the insects.

The Illinois counties in the chinch bug belt, according to the information, are Bond, Brown, Cass, Christian, Clinton, Jersey, Macon, Macoupin, Madison, Marion, Menard, Monroe, Montgomery, Morgan, Pike, Randolph, Sangamon, Scott, Shelby, St. Clair and Washington.

"The present year is the fifth of a destructive outbreak of chinch bugs in southwestern and western Illinois", says the circular, "and the prospect at the present writing is that the twenty-two counies named will be more or less heavily infested this year."

In Winter Quarters.

"The bugs are now in their winter quarters," continues Mr. Forbes, "where a very small per cent of them have perished during the winter. From their present places of shelter they will begin to scatter over the country on the wind during this month of April, setting where their food plants invite them—mainly in the fields of wheat. This movement will continue well into May, and it may carry the bugs into many counties additional to those now infested.

"Some of the latest to emerge and fly abroad will lay their eggs in oats and others possibly in young corn, but where wheat is generally grown the greater part of this hibernating generation will infest that crop.

Must Kill Old Bugs.

"There is no way in which crops exposed can be protected against this spring invasion, or in which either the old bugs of the young ones can be destroyed before harvest time. The first opportunity for a successful attack will come when the grain is cut, the old bugs being then practically all dead and the young not having yet got their wings. As their food supply disappears in the infested fields the bugs are compelled to move out on foot in search of new food plants, the best of which is available to them at this time being corn.

"It is the task of the farmer to prevent their escape from the harvested fields, and especially to protect the corn from invasion at harvest time from the new generation which has taken its start in wheat. It is true that very wet weather coming at this hatching time will so reduce numbers that no serious results will follow, but the farmers of the state can hardly afford to bet their crops that things will take so fortunate a turn this year.

The Illinois Method.

"What may be called the Illinois method of attack upon the chinch bug consists of a combination of barriers of repellant substance along the borders of the field to stop the bugs. This barrier was first used in McLean county in 1871 and consisted of a row of fence boards set up beside the infested field with coal tar applied to their upper edge. Later in the same season a line of coal tar was poured upon the ground, holes being dug beside it to trap the bugs. A hundred and fifty barrels of coal tar were used for this purpose that year near Bloomington.

Road Oils Help.

"In 1911 and 1912 this method was greatly improved by the use of petroleum products known as road oils No. 6 and No. 7, and in 1912 and 1913 the attack was made still more effective by the discovery of crude creosote and crude carbolic acid might be used instead of road oils.

"The chinch bug was first killed on corn in McLean county by means of a spray in 1882, an emulsion of milk and kereosene or one of kenosene and soap suds being used for that purpose. In 1812 it was found that a soap solution of the proper strength was quite effective."

The effectiveness of the war on chinch bugs depends largely upon the general participation of all the farmers in an infected district.

This necessitates an organization of the farmers for a co-operative attack upon the insects at the proper time and in the most effective manner. The circular deals in detail with the mode of organization and the field operations, the cost and other matters.

Another Circular Soon.

The state entomologist announces that another circular will be issued a little later as soon as the ribernating chinch bugs have settled in the fields where the new generation is to appear. The field agents from the state entomologist's office are keeping close watch of field conditions throughout and around the area infested last year, and by means of circulars, personal interviews, newspaper notices and public meetings the communities concerned will be kept advised as far as possible.

Why Is It a Favorite?

There are good reasons why Chamberlain's Cough Remedy is a favorite with the mothers of young children. Read what one of them says of it: "There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.—Adv.

BRIEF NEWS NOTES.

Mother Took Poison.—After giving each of her three small sons a quantity of laudnum Mrs. J. A. Clayton, wife of a physician at Johnson City, died from a dose of the poison she took herself. Dr. Johnson was at the home of a patient when he called up his residence by phone to say that he would be late for dinner. One of the boys, aged five, answered the phone and said drowsily that Mamma was asleep and they couldn't awaken her. Dr. Johnson hurried home and succeeded in saving the children.

Cousin of Lincoln Dead.—Thomas J Lincoln, a cousin of Abraham Lincoln, is dead at his home in Fountain Green in Hancock county. He was 92 years old and came from Kentucky to Illinois along with the parents of Lincoln.

First Convict Labor Camp.—The first Illinois convict labor camp for the improvement of highways will be opened May 1st, near Beecher City. A number of other camps will be opened within a few weeks and in the list will be Mt. Vernon, Carbondale, and Deer Park.

Inter-Ocean Sale Postponed.—The sale of the Inter-Ocean Newspaper Co., under a decree of the Federal Court, will take place May 5th. The sale was to have taken place April 28, but a delay was granted at the request of the Lake Superior Paper Company.

Former East St. Louis Teamster Sentenced.—E. F. Gerold, a former city teamster of East St. Louis, has been sentenced to the penitentiary at Joliet for a term of 1 to 10 years, as a result of his conviction of withholding approximately $50,000 of East St. Louis city funds. Judge Pope who has heard the East St. Louis graft cases denied a stay of sentence pending an appeal to the Illinois Supreme Court.

Gates' Millions For Charity.—According to information received by relatives of Mrs. John W. Gates in Aurora, the larger portion of the Gates wealth will be used in founding schools for the education and maintenance of orphan boys. Mrs. Gates decided to utilize the money for this and other charitable work subsequent to the recent death of her nephew, Harry Rockwell Baker, for whom she had a deep affection. During his lifetime it is said that she gave the young man $50,000.

Bloomington Election Contest.—Arguments are now being made in the contest at Bloomington which is a result of the recent local option election. In their their bill asking that the result be set aside, the wets have specified many things. The hearing of the case will probably occupy two weeks.

Sunday to Have St. Louis Meetings.—"Billy Sunday", in accordance with the action taken by the Evangelical Alliance, will be invited to conduct a series of meetings in St. Louis. The resolution providing for this action was passed unanimously and the time for the meeting was left wholly to Mr. Sunday.

To Use Keokuk Dam Current.—The fact that the whistle on Beall Brothers' shop at Alton will not be heard after May 1st, is significant of the changes which time makes. The whistle which has been heard in Alton and for miles surrounding at noon and closing hours at the big shop for the past 15 years is to come into disuse because the shops will be operated by electric current from the Keokuk Power Dam Co.

Getting Ready for New Insane Hospital.—The work of laying a railroad switch from the C. B. & Q. tracks to the new insane hospital site near Alton, marks the first step towards the erection of the hospital. The plans for building an electric line to the hospital grounds are about completed and will be submitted to he Illinois Utility Commission the coming week.

No Higher Wages For Miners.—Illinois coal operators in joint conference with the scale committee of mine workers have issued an ultimatum. They refuse the 4 per cent. increase the miners ask in the southern field and also refuse to submit any dispute to subdistrict conventions for settlement unless the operators and miners in that district agree upon the plan.

Cannot Hold Office.—It has developed that John McKay, who was elected an alderman in the 2nd ward in Herrin, is not a naturalized citizen and so is not eligible to the position. Contest proceedings have been inaugurated by John Harland, who was the labor candidate.

Hannibal Against Commission Form.—The city of Hannibal has decided against the adoption of the commission form of government. The proposition was voted upon Tuesday and less than half of the normal vote was cast. There were 793 votes against the proposition and 725 in favor of it.

Yeggmen Rob Bank.—After binding and gagging the night marshal of Maroa four burglars robbed the Crocker & Co. bank of $200 in silver and currency. After three ineffectual attempts to blow open the vault with nitroglycerine the yeggmen made heir escape in an automobile.

T. S. Trainmen to Get More Pay.—Trainmen on the Illinois traction system have agreed to accept the offer of the company of a 10 per cent. increase in wages or from 30c to 33.3c an hour. The new agreement is to take effect soon and by its terms other employees will also receive a 10 per cent. increase. The men have asked for 40 cents an hour but by referendum vote agreed to accept the company's offer of 33.3 cents.

HEARING IN RATE CASE MUST COME TO END FRIDAY

Interstate Commerce Commission Announces That Final Argument Must Be in By That Time—Advances Likely to be Granted Only for Roads in Central Association.

Washington, April 29.—Chairman Harlan of the Interstate Commerce Commission announced upon resumption of arguments in the advanced rate case, that discussion must conclude next Friday. J. L. Minnis, general solicitor of the Wabash, and representing Central Freight Association roads, pointed out that Mr. Brandeis' brief for the commission conceded that the railways in Central Freight Association territory needed additional revenues. In view of this and of the generally accepted belief that the people of the country were opposed to government ownership of railroads, the commission, he urged, having previously held that the roads were entitled to make reasonable return upon their property investment, ought to adopt such means as would insure to the railways such a profit as would attract new capital and enable them to maintain and to extend their lines in conformity with the reasonable demands of the public.

Without debate, the senate today passed the La Follette resolution, directing the Interstate Commerce Commission to send to the senate all communications it has received which were manifestly designed to influence its decision in the freight advance case. Senator Newlands announced that members of the commission had no objection of the immediate passage of the resolution.

Plea of Coal Companies.

Briefs in opposition to an increase of freight rates asked for by the Eastern railroads were today filed with the Interstate Commerce Commission on behalf of the Pittsburgh Coal Company, the new Pittsburgh Coal Company and the State Railroad Commissions in the Eastern classification territory. Clifford Thorne in his brief for the railroad commissions urged that the net operating income for the carriers involved was greater during the past four years than for any similar period in their history; that net earnings during the last five years period were greater than during the preceding five years and those for 1913 greater than the average for either of those five-year periods. He urged also that the future would develop further economies, inventions and improvements which would have the effect of further augmenting carriers' revenues.

Answering statements attributed to the carriers that their bonds are not attractive to capital. Mr. Thorne asserts that they average higher than any other class of market securities except government bonds and that the railroad' credit is equal to or better than that any other class of business or dustrial companies. He added if the commission denies the posed increase the property of carriers "is bound to keep on creasing just as it has in the pa

The brief of the coal compa asserts that exhibits of the carr show that gross and net returns 1913 particularly for the coal rying roads, are more satisfac than they have been in the The situation, it is declared, for an adjustment of rates as tween traffic and localities un "what the traffic will bear" and "value of the service to the s pers" as determined by the in ested carriers are to continue the future. The brief asserts the mine products, including now bear more than their shar transportation burden and adds the profits earned by the roads coal range from 100 to 300 cent.

CHILDREN'S DISEASES VERY PREVALENT

Whooping cough is about everywhere. Measles and scarlet fever are almost as bad. At the onset the symptoms are very similar, feverishness and signs of a cold being in evidence. For the raw inflamed throat and mucous membrane, and for coughing, use Foley's Honey and Tar Compound. It is soothing and healing to inflamed surfaces and the bronchial tubes. Mrs. I. C. Hostler, Grand Island, Neb., says: "My three children had very severe attacks of whooping cough and suffered intensely, and a few doses of Foley's Honey and Tar gave them great relief." For measles cough, and the inflamed throat of scarlet fever, for croup, bronchial and la grippe coughs, for tickling throat and hoarseness it always gives grateful relief. It contains no opiates and is a pure medicine. That is why it suits particular people. In 25c, 50c and $1.00 sizes. Do not accept a substitute. For sale by City Drug Store, J. A. Obermeyer, prop.

STIRRING CAMPAIGN UNDERWAY IN OREGON

Voters Will Have Enormous List of Candidates to Consider—Two Hundred and Fifty-two Aspirants for Office.

Portland, Ore., April 29.—Although the general primary election is still three weeks distant, the campaign is already stirring the state from end to end, and all signs point to the warmest primary battle ever staged in Oregon. To begin with, the voters will have the longest list of candidates from which to make their selections at the primary, ever presented in this state. The ballots will contain the names of 252 aspirants for state and district offices. Two years ago there were only 125 Republicans and 58 Democrats on the ballot.

Nominations will be made in the primaries for United States senator, representatives in congress, governor, statetreasurer, attorney general, superintendent of public instruction, state engineer, railroad commissioner, superintendents of water divisions, commissioner of labor statistics and inspector of factories and workshops, supreme and circuit court justices and members of the legisature.

United States Senator George E. Chamberlain, whose term will expire next March, is the choice of the Democratic party for re-election. Opposed to him in the election next fall will be R. A. Booth of Eugene, as the Republican candidate and William Hanley of Boring as the choice of the Progressive party.

Many of the Democrats now holding state and other offices are unopposer for nomination and this has left the majority of the contests to the Republicans and Progressives. At the present time the contests for the nominations for governor overshadow all other features of the primary campaign. There are fifteen candidate out for the gubernatorial nominations, the largest number seeking any office in the state. Of these eight are Republicans, five are Democrats and two are Progressives, so that the contests in all three parties of the keenest sort.

As a general rule, there is little or nothing to interest the average citizen in political contests until the contest reaches fever heat a few days before the nominations are made at the primary election, but there are peculiar conditions existing in Oregon politics at the present time, and the skirmishes among the numerous aspirants for the governorship have been viewed with more than ordinary interest for many weeks.

In the first place, Governor Oswald West, who is a Democrat, is not a candidate for renomination. This naturally has precipitated a scramble among the Democrats to succeed him. The same fact has encouraged an unusually large number of Republicans to seek the nomination, on the theory that a newcomer heading the democratic tiket will be easier to defeat than would Governor West standing for re-election.

The Republicans seeking the nomination for governor are: Grant B. Dimick, a former mayor of Oregon City; A. M. Crawford, of Roseburg, who is attorney general of Oregon; William A. Carter, an attorney of Portland; T. T. Geer of Portland, who was governor of Oregon in 1899-1903; Dr. James Withycombe, of Corvallis; Charles A. Johns, of Portland; Gus C. Moser, an attorney of Portland, and G. A. Cobb, also of Portland.

F. M. Gill of Portland, and L. K. McMahon of Salem are the two Progressives who are contesting for the nomination of their party for governor.

Former Governor Geer and George C. Brownell, both of whom are aspirants for the Republican nomination for governor, are making their campaigns on state wide prohibition platforms.

For supreme court justices there is a spirited contest for the Republican nominations, with practically no contest in the other two parties. The contests for the nominations for attorney general and labor commissioner also are confined to the Republicans. There will be no contests in the primaries for the nominations for United States senator, representative in the second congressional district, state treasurer, state school superintendent and superintendents of the two water divisions, as none of the candidates have opposition in their own party.

NEW ENGLANDERS START

Boston, April 29.—With a circuit that has undergone radical changes since the close of last season, the New England league, one of the oldest baseball organizations in America in point of continuous existence, started on its 44th season today with all signs pointing toward a profitable year and an interesting race for the pennant. The circuit this year is made up of Lowell, Worcester, Lawrence, Lynn, Portland, Haverhill, Fitchburg and Lewiston, the three last named clubs having taken the franchises formerly held by Fall River, New Bedford and Brockton. Three of the clubs are in charge of former major league managers, Jessie Burkett at Worcester, Fred Lake at Fitchburg and Hugh Duffy at Portland.

In the opening games today Haverhill appeared at Lowell, Lewiston at Lawrence, Lynn at Fitchburg, and Portland at Worcester. A season of 126 games is scheduled, with September 12 as the closing date.

WAVERLY BOY INJURED.

Albert Lyons, the 8 year old son of Mr. and Mrs. Henry Lyons, of Waverly, met with a painful accident about 5 o'clock Wednesday afternoon. In some way he fell in front of a grass cutter and his injuries were such that it was deemed best to bring him to Passavant hospital.

AUTO STRIKES TRAFFIC POST BRINGING STANDARD TO GROUND

John Shutt of Waverly Drives Into Island Light Wednesday Night—Auto Radiator is Smashed.

Wednesday night about 8 o'clock John Shutt of Waverly, driving a Ford automobile, ran into the traffic post at the corner of West State street and the square, breaking the post off about a foot above the pavement. It is said that he was driving at a moderate rate of speed.

Mr. Shutt saw the lights but supposed they were suspended from wires and did not notice the post. The radiator of the car was punctured in several places, one lamp and one fender broken and the crank bent. The driver was uninjured. The car was taken to the Estaque garage.

EIGHT CATHOLIC PRIESTS VOLUNTEER FOR SERVICE

Names of Volunteers Who Would Serve in Case of War With Mexico Are Sent to President Wilson.

Washington, April 29.—Names of eight Catholic priests who have volunteered to serve in the American army or navy in case of war with Mexico were sent to the president today. They are: Rev. John J. Brady, New York; Rev. Hugh Ryan and Rev. Theodore Peterson, Catholic University, Washington, D. C.; Rev. P. Sherman, Freeland, Pa.; Rev. William Colbert, Winnebago, Minn.; Rev. James A. Harvey, Crossingville, Pa.; Rev. Leo Panicki, Christopher, Ills.; and Rev. Francisco Vasquez Gomez, New York.

RED CROSS NURSES WILL GIVE SERVICE

Miss Marie T. Phelan, secretary of the Illinois Commission of the National Red Cross Nursing Association has sent out notice to all the various Red Cross organizations of the country to have the members in readiness for a call which might come from the government for service in Mexico. The members were ordered to report weekly where they could be found. Miss Lucy Mount is the only member of the Red Cross society in Jacksonville, being in the surgical department. She has already received her notification.

OBJECT TO INCREASE.

Washington, April 29.—Vigorous objections were urged by shippers before the inter-state commerce commission today to the proposed five per cent increase in freight rates by Eastern railroads.

Generally it was maintained by counsel that the roads through modern methods of handling and transporting freight, were able to perform the service more cheaply than formerly and that instead of increasing rates, they ought to make a reduction.

TERROR STILL REIGNS IN SOUTHERN COLORADO; TROOPS MAY BRING PEACE

(Continued From Page One.)

would start a "hunger strike". They were paroled by a magistrate today.

"We have fought it out for free speech and now we are going to fight it out for free silence," Sinclair said tonight at a gathering of his followers. He alluded to the fact that the demonstration was not intended as a disorderly one but as one of silence. The picketers wore crepe on their sleeves and moved slowly back and forth on the sidewalk in front of 26 Broadway, speaking to no one and not attempting to interfere with the progress of pedestrians.

Sinclair, Miss Freeman and others organizaed the Free Silence League tonight and it was announced that headquarters had been rented in a Trinity Place office building in sight of Mr. Rockefeller's office. Sinclair said thirty persons had volunteered to become "mourners" tomorrow.

Discuss Situation in House.

Washington, April 29.—Representative Keating of Colorado and Bryan of Washington discussed the Colorado situation in the house again today. Representative Keating who represents the coal fields district, attacked the attitude of John D. Rockefeller in refusing to deal with the miners' union. Tonight William Green, secretary-treasurer of the United Mine Workers of America issued the following statement in reply to a published statement today from John D. Rockefeller, Jr.:

"Mr Rockefeller's declaration upon the matters in dispute between the Colorado Fuel & Iron company and the striking miners are wholly inaccurate. For instance, it is not true that the company settled, before the strike, the five points which Mr. Rockefeller mentioned; the eight-hour work day, semi-monthly pay, checkweighmen, regulation of company stores and increased wages.

Indeed, had these points been conceded at the time stated by Mr. Rockefeller the strike would never have been inaugurated.

"Nor is it true, as Mr. Rockefeller states, that the question in contention is the unionizing of the mines. That has not been and is not now the issue.

"A settlement of the strike in Colorado rests entirely with Mr. Rockefeller. Responsibility for a continuation of the industrial war in Colorado rests fairly and squarely with Mr. Rockefeller. He cannot hide behind the excuse that the unionizing of the mines is the real bone of contention."

Conference is Resumed.

Des Moines, April 29.—The joint wage conference of the Iowa and Northwestern Missouri miners and the operators was resumed today. An increase in wages in sub-district No. 1 of District No. 13, was considered but no action taken.

CLASS OF EIGHT CONFIRMED AT TRINITY EPISCOPAL CHURCH

Service Conducted Wednesday Evening by Bishop Osborne of Springfield—Sermon on "Life of Sacrifice" Followed by Reception.

Eight candidates were confirmed at a special service Wednesday evening at Trinity Episcopal church which was in charge of Bishop Edward W. Osborne of the Springfield diocease. After the ceremonies of confirmation the bishop talked to the audience on the beauties of the life of sacrifice, taking as his text Hebrews: 14-9, "Who through the Eternal Spirit offered himself without spot to God." The candidates were Dr. Edward Strickler of the Jacksonville state hospital; Mr. and Mrs. Charles Blagrove, Miss Violet Mortimer, Francis Doan, Earl Edward Kuchmann, Miss Lillian Mitchell and Miss Marian Galley. After the sermon a reception for the bishop was held in the parish house.

"The life of the Lord was a life of sacrifice," said the bishop, "and every believer should try to emulate the spotless life of the Master. The death of the Christ was but an incident in the entire history of a life offered up for the sins of mankind. Each Christian should lay his selfish nature upon the sacrificial altar, and purged and cleansed, should strive onward and upward, a son of God and co-worker with Him in the Kingdom."

The service was well attended and at its close the audience adjourned to the parish house for the informal reception. The ladies in charge of the refreshments were Mrs. H. R. Neely, Mrs. H. M. Andre, Mrs. Chas. Fawcett, Mrs. H. C. Jones, Mrs. Otto Kuchmann, Mrs. A. W. Cox, Mrs. W. F. Gilman and Mrs E. J. Howells.
